

HOW TO CONDUCT AN ID CHECK PRIOR TO A GAME

ID Check Process

- Exchange paperwork with the other team. Include the Team Roster Report (TRR), plus any Temporary Eligibility Permits (TEP) or Short-Term Registration Permit (STRP)
- Compare player and team official information on the game sheet to the information on the TRR, including the player and team official photos on the TRR.
- If you notice a discrepancy, you must note it at the bottom of the game sheet.
- If you believe the player to be ineligible, notify the player and their team official
- A team official must initial the game sheets in the appropriate box on the opposing team's game sheets to certify that the card checking procedures were followed.
- The Match Official will note all questions or protests regarding a player's eligibility or the validity of a player's ID or TRR on the game sheet.
- This is to be followed by all SOSA League teams of any age division.
